

WHAT TO DO AFTER YOUR SCULPTRA® TREATMENT

TIPS TO FOLLOW AFTER YOUR INJECTION¹

Please review and follow the aftercare tips and points provided below by your physician.

- Massage the treated area for 5 minutes, 5 times per day for 5 days after your treatment, according to your aesthetic provider's instructions
- Within the first few hours after your treatment, apply an ice pack or ice wrapped in a cloth (avoid putting ice directly on your skin) to the treatment area to help reduce swelling
- You may apply makeup a few hours after your *Sculptra* treatment if no complications are present
- Avoid sun and UV sunlamp exposure until swelling and redness have disappeared

AFTERCARE POINTS TO REMEMBER¹

- A few days after treatment, you may look as you did before treatment
 - This is normal and temporary
 - *Sculptra* works to gradually replace lost collagen
- Visible results appear within the first few treatment sessions
- For best results, it is recommended you follow the full treatment plan discussed with your specialist, which may include additional treatment sessions
